EAN: 5908257125673

Product Code: 657039

R684

here is a universal case for 5" GPS / 2,5" HDD. Made of durable, contoured EVA coated with Nylon 1680D/Neopren with a soft lining inside. Case is suitable for most of 5" GPS and 2.5" portable hard drives. It gives reliable protection to your device from crushing, breakage and any other damage. Internal grip stabilizes the device and separate net pocket can accommodate USB/power cable and charger. There is an additional pocket outside to store memory cards and other small accessories inside. Slim and ergonomic design cause the case does not occupy much space.
