R67,215

Designed for professionals, the HP EliteBook 8 G2i Notebook Next Gen AI combines advanced features and a sleek design to meet the demands of modern work environments. With a stunning 15.6-inch LED display that boasts a native resolution of 1920 x 1200, the device offers clear visuals while the IPS technology ensures vibrant colors from all viewing angles. The anti-glare monitor feature makes it suitable for various lighting conditions, enhancing productivity whether indoors or outdoors.

Equipped with a robust Intel Core Ultra 7 processor and Intel AI Boost, this notebook leverages artificial intelligence to optimize performance for demanding tasks. The multi-touch clickpad and spill-resistant HP Premium keyboard elevate user experience, while the fast-charging feature allows quick power boosts between meetings. Enhanced security features, including HP Tamper Lock and BIOS update via network, provide peace of mind for sensitive information, making it an ideal choice
