R47,426

The HP EliteBook 6 G2i Notebook Next Gen AI combines advanced technology and enhanced security features, designed for professionals seeking performance and reliability. With a powerful Core Ultra 5 processor supported by Intel Turbo Boost Technology and DDR5 SDRAM, this notebook offers efficient multitasking and seamless operation, ideal for demanding tasks. The 12 MB L3 cache enhances speed and responsiveness, ensuring a smooth experience whether in the office or on the go.

Featuring a 12.3-inch WUXGA display with Low Blue Light technology and anti-glare properties, it delivers crisp visuals while remaining easy on the eyes. The inclusion of Realtek AI noise reduction and dual stereo speakers provides an immersive audio experience, perfect for video calls or media consumption. With a range of connectivity options including USB4/Thunderbolt 4 and HDMI ports, the

HP EliteBook 6 ensures compatibility with various devices and peripherals. Additionally, the
