

NZXT PSU C750 750W 80+ Bronze ATX 3.1

Model: PA-7B3BB-EU

Manufacturer: NZXT

EAN: 5056547207551

Product Code: 658520

R2,279

The C-Series power supply from NZXT features safe, reliable power while ensuring optimal efficiency and quieter performance. Manufactured with high-quality components, the C-Series power supplies deliver both peace of mind and clean, reliable power to your PC gaming system. The modular design lets you use only the cables you need, ensuring easier installation, and less clutter. The sleeved main cables look great and resist heat damage as well as fraying, delivering greater durability and longevity.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
