The wall-mount, single-section Lanberg cabinet WF01-6627-10B is a solution designed to expand networks, installation of cabling and equipment. It can be used in networks, server rooms, small and medium businesses. It can also work in low voltage systems, such as cable television networks, alarm, fire protection and access control systems, CCTV and IP surveillance. Appropriate design allows simple self-assembly. The cabinet is characterized by an IP20 degree of protection, opening front door with the possibility of rotation at 180 degrees and removable side panels. The cabinet has a cable entry panel on top and bottom cover. This product is made of high-grade cold-rolled steel.
