

LANBERG

Patchcord Cat.6

FTP 0.25m red

10-pack

Model: PCF6-20CC-0025-R

Manufacturer: LANBERG

EAN: 5901969436396

Product Code: 660390

R739

The Lanberg CAT 6 patch cable is crafted to provide reliable networking performance for various applications. With support for speeds of up to 10 Gbps, it ensures smooth data transmission for high-bandwidth tasks. The cable features stranded Copper-Clad Aluminium (CCA) conductors, which help improve flexibility and durability, making it suitable for both home and office environments. Designed with a round and snagless profile, this patch cable simplifies installation and management by preventing snags when connecting multiple devices. The HDPE insulation and PVC jacket enhance longevity and performance in various settings, while the tested frequency capacity of up to 250 MHz allows for optimal signal quality. Adhering to ISO/IEC 11801 Class E and ANSI/TIA/EIA 568-B standards demonstrates its reliability and compliance for professional networking needs.
