Product Code: 661205

R11,643

The TD-4520TN creates high resolution labels that last. Thermal transfer technology means labels are especially durable, making them suitable for a wide range of tasks in sectors like transport and logistics, retail, healthcare and food traceability. Operation is easy with BarTender and SAP compatibility*, and auto media configuration delivers better usability. For a more cost-efficient print option, direct thermal technology is built-in too, letting you print high-quality receipts, shipping labels and tickets.
