R4,628

Display-Diversity

Raise your monitors to an ergonomic eye level to encourage proper sitting posture and help reduce neck pain. Tilt and swivel the monitor to reduce awkward lights and glare from windows or other sources of light.

Trinity

The triple monitor stand provides valuable work space on your desk. Constructed of high-grade aluminium, this stand is built to support three monitors up to 32 inch in size each. The IB-MS505-TI offers a variety of features including an easy height adjustment, tilting angles for your screens and numerous adjustable joints. Tighten or loosen each joint according to your preferences. Monitors can be rotated to landscape and portrait positions.

Smart

More features built into IB-MS505-TI include an integrated cable management system to guide power
