Styline design handmixer with innovative FineCreamer beaters - white/anthracite

SoftTouch — perfect hold.

The ergonomic design and the special shape of the handle, with non-slip SoftTouch coating, ensures that the appliance is much more comfortable and safer in the hand.

SuperSilent — high power, low noise.

A powerful appliance that is extremely quiet too. The operating noise has been audibly reduced by using the latest technologies and materials.

Light — so everything is easy to handle.

The weight has been significantly reduced by using the latest motor technology and materials,

making work easier and less tiring.

450 watts — optimal results included.

With 450 watts of power, state-of-the-art motor technology and intelligent functions, you'll achieve impressive and optimal results for every task, every time.

FineCreamer

Adding more volume to culinary ideas. The innovative FineCreamer beating whisks are fitted with little balls to inject more air into the processed mixture.

Five speeds — all systems go.

The correct speed is available for each application, along with optimal power for every situation — thanks to the five speed settings.

Pulse/turbo function — power at the touch of a button.

An additional pulse/turbo function provides maximum performance at the touch of a button and enables doughs to be perfected or accessories to be operated on the back of the appliance.
