plastic waste in nature. To this end, PanzerGlass® has teamed up with non-profit organization The Perfect World Foundation to support “Project Ocean”. For each ECO MATRIX sold, PanzerGlass® will make a donation to the project, dedicated to protecting marine life, for instance by reducing the amount of plastic and ghost nets that end up in our oceans. ECO MATRIX comes with an AlignerKit that makes installation a piece of cake (seriously!), and to make it even easier, we’ve included step-by-step instructions as well as a QR code for quick access to our online how-to video. And the look? Well, it is SO featherweight, SO thin and SO clear that you’ll hardly notice it’s there at all ... at least not until you bump your phone screen against a sharp-edged table corner or scratch it on the metal-sharp keys in your pocket. This may not happen, but if it does, you’ll regret not having clicked “add to cart”. The screen protector is Ultra-Wide Fit, meaning it covers the front surface of your phone to provide superb screen protection and a complete screen view. It even leaves a little room around the edges for case from CARE by PanzerGlass®. And if you want extra protection, combine the screen protector and case with PanzerGlass® PicturePerfect or Hoops®. *Reduction from 2022-2024 measured by comparing selected products from the PanzerGlass® core range.
