The MicroConnect SSTP60015R is a high-performance S/FTP CAT6 network cable, expertly designed for reliable data transmission. This 0.15-meter red cable utilizes shielded foiled twisted pair (S/FTP) construction, ensuring superior protection against electromagnetic interference and crosstalk, vital for maintaining optimal network performance. Built with Low Smoke Zero Halogen (LSZH) materials, this cable prioritizes safety by minimizing the emission of toxic fumes in the event of a fire. Perfect for short patch connections in demanding network environments, the SSTP60015R reflects MicroConnect's commitment to premium quality and pioneering innovation in connectivity solutions, backed by over 20 years of industry expertise. It delivers exceptional performance and safety, adhering to stringent European design and quality standards.
