

Microconnect MC- C13C14LOCK- 2MB power cable Blue 2 m C13 coupler C14 coupler

Model: MC-C13C14LOCK-2MB

Manufacturer: MICRO CONNECT

EAN: 5715063519080

Product Code: 696783

R855

The MicroConnect MC-C13C14LOCK-2MB is a 2-meter IEC Lock power cable designed for secure and reliable power connections. Featuring a C13 locking connector on one end and a standard C14 connector on the other, this cable prevents accidental disconnections in critical applications. Ideal for use in data centers, server rooms, or any environment where maintaining a constant power supply is essential, this Pro Power cable with locking mechanism ensures uptime and prevents costly interruptions. Built to European quality standards, this durable cable provides a secure and stable power connection you can depend on, exemplifying MicroConnect's commitment to premium quality and pioneering innovation in connectivity solutions. With its 2-meter length, it provides ample reach while maintaining a secure link between your devices.
