R3,652

NEEWER SC320 320 cm stainless steel C-stand with boom

The NEEWER SC320 is a sturdy C-stand made entirely of stainless steel, providing stable support for professional photography equipment. With an adjustable height ranging from 146 cm to 320 cm and a 128 cm boom arm, it allows you to conveniently position lighting and accessories exactly where needed. The design features a shock-absorbing spring that enhances safety during operation by minimizing the impact of sudden equipment drops.

Stability and flexible adjustment

The durable construction is designed for mounting heavy lamps, softboxes, umbrellas, or reflectors, ensuring stability even under heavy loads—up to 8 kg on the boom and 20 kg on the center column. Metal grip heads allow you to securely attach the boom and adjust its angle, while various hole diameters increase compatibility with accessories. A foam grip makes the stand easy to carry and improves handling comfort.

Foldable design and convenient transport

The detachable turtle base with non-slip pads ensures excellent grip and protects the floor from scratches. The design also allows for the addition of sandbags to increase stability in demanding conditions. The foldable legs allow the base to be stored flat, making it easy to transport and store the stand when not in use.

Included

- C-type tripod
- Base
- Boom
- Clamp heads x2
