R1,438

Extra Large Pro Gaming Surface: Balanced Sliding

COUGAR Arena X's unique design is the ideal battleground for your games. Its vast area will allow you to move freely, while its gaming surface guarantees you both smooth sliding and the right level of precision to avoid lagging behind in the fiercest online battles.

Compatible with Laser and Optical Mice

A wave-shaped design manages to absorb the kinetic energy from your movements without affecting the general position of the pad.

Water Proof + Battle-Proof: superior durability

With its stitched border and its water resistance, this mouse pad will keep performing flawlessly in the harshest of environments. In the heat of battle, you cannot afford to be gentle; we know it and have designed Arena to withstand all kinds of punishments, from liquid spills to harsh movements.

Wave-shaped anti-slip rubber base

COUGAR Arena X`s surface has been optimized for high-quality sensors and thoroughly tested both with optical and laser gaming mice. With COUGAR Arena X`s, you know that you are getting the most out of your sensor.

Wave-Shaped Anti-Slip Rubber Base

COUGAR Arena X`s rubber base has been specially designed to guarantee that it stays firmly where it should be, even when fast and harsh movements are taking place over it. This is achieved through a wave-shaped design that manages to receive the kinetic energy from your movements without affecting the general position of the pad.
