

Aerocool Rave 3 FRGB Processor Air cooler 12 cm Black, White 1 pc(s)

Model: AEROPGSRAVE3-FRGB-4P

Manufacturer: AEROCOOL

EAN: 4711099472222

Product Code: 709652

R1,248

FRGB CPU AIR COOLER

PWM air cooling solution with a 12cm FRGB fan with translucent fan blades to deliver superior cooling with style. Powered by Heat Core Touch Technology (HCTT) with 3 ultra-efficient thermal heat pipes. Black coating on fins increases heat dissipation area and improves efficiency of dissipation.

EQUIPPED WITH 12CM FRGB FAN

Comes equipped with a 12cm FRGB fan to add a stylish flair to your rig. Translucent fan blades allow you to fully appreciate the beauty of this cooler's RGB lighting.

HEAT CORE TOUCH TECHNOLOGY (HCTT)

Three ultra-efficient thermal heat pipes provide a perfectly flat and smooth surface to maximize contact surface area.

This allows for minimal heat transfer loss while in direct contact with the CPU to increase the efficiency of heat dissipation.

PWM HIGH-PRESSURE FAN

120mm high-pressure fan provides a stronger airflow to push heat away from the aluminum fins faster.

HIGH EFFICIENCY FINS

Upgraded high efficiency aluminum fins for maximum thermal performance.

Black thermal coating on fins increases the cooler's thermal conductivity and heat dissipation capabilities.

COMPATIBILITY

Compatible with most current motherboard designs.

Socket compatibility:

LGA 1200/115X/775

AM4/AM3+/AM3/AM2+/AM2/FM2/FM1

COMES WITH PWM 4-PIN CONNECTOR
