NEEWER LS-300 300W Spotlight Light with Bowens Mount

The NEEWER LS-300 is a professional spotlight mount designed for precise light control and striking lighting effects in photography and video production. Utilizing an aspherical optical lens with a multi-layer coating, it achieves 98% light transmission, effectively focusing the beam and increasing brightness by up to 6.9 times when used with compatible LED lights. The 19° projection lens generates sharp, evenly lit edges, making it easy to create professional cinematic lighting.

Precise Focus Adjustment and Beam Control

The spotlight allows for smooth focus adjustment by moving the lens barrel, enabling both razor-sharp patterns and soft, diffused light projections. This versatility offers greater creative freedom for atmospheric portraits, product photography, commercial shoots, or artistic film projects. Precise

beam control ensures the light is directed exactly where it's needed most.

Creative Projections and Light Shaping

The kit includes 16 gobo patterns to add an artistic character to any scene with varied lighting textures. Additionally, the integrated shutter blades allow you to shape the light into geometric forms such as triangles, rectangles, squares, or narrow strips. This makes the spotlight ideal for creative stage recordings and productions requiring advanced lighting techniques.

Universal Bowens Mount Compatibility

The LS-300 model features a standard Bowens mount, ensuring broad compatibility with LED lights rated up to 300W. The design allows for quick assembly and disassembly, streamlining the workflow on set and enabling rapid changes to the lighting configuration during a shoot.

Durable Construction and Heat Management

The aluminum alloy housing guarantees durability for heavy professional use, while the heat-resistant glass lenses effectively dissipate heat during prolonged operation. The stainless steel gobo inserts are resistant to high temperatures, scratches, and corrosion, ensuring long-term reliability on set.

In the Box

- Spotlight Mount
- Gobo patterns x16
- Gobo holder
- Carrying bag
- User manual

Specifications

Manufacturer	NEEWER
Model	LS-300
