The DEQSTER Pencil 2 is more than just a stylus! It is a sustainable, stylish, and robust tool that revolutionizes your learning and teaching in digital education. With its lightweight design and durable construction, it is perfect for your daily use in school.

This pencil doesn't require Bluetooth pairing and can be used simultaneously on multiple iPads. This makes it a convenient and essential tool in modern learning environments.

Featuring functions such as automatic palm rejection and integrated tilt capability, it adapts to your learning situation, providing an intuitive and natural writing experience. Its interchangeable tips are made from specially hardened material, ensuring resilience even in the most demanding school days.

With a long battery life of up to 10.5 hours and a magnetic holder for compatible iPad models, it is always ready when you need it. The Pencil 2 charges through the fast USB-C charging port, well-protected under the retractable cover against dust and splashes.

The Pencil 2 transforms your digital classroom into a hub of innovation and creativity. It enhances your learning experience and supports schools in implementing modern educational approaches.
