Patch cable PrimeLine, Cat.6, U/UTP, blue, 1 m" from LogiLink Professional

LogiLink Cat.6 Premium Line patch cables are ready for your high speed network up to Gigabit Ethernet. Our Cat.6 patch cables all meet or exceed industry standards and European regulations. We have Cat.6 Ethernet patch cables of many different lengths and colors. Since Cat.6 Ethernet components are backward-compatible with older network equipment (including Cat.3, Cat.5 and Cat.5E), LogiLink Cat.6 patch cables and cords integrate legacy components such as printers and computers.
