NEEWER 660 PRO II RGB - LED video light with swivel mounts

The Neewer 660 PRO II RGB is a lighting kit for content creators, photographers, and videographers who expect full control over lighting, portability, and reliable performance in all conditions. This light offers adjustable brightness, color, and color temperature, a high CRI of 97+, several interesting lighting effects, and smooth, flicker-free operation. It's the perfect tool for photo shoots and more! You'll also receive an aluminum tripod with height adjustment from 92 cm to 200 cm and an Oxford fabric bag for easy storage and transport of your equipment.

Lighting Tailored to Your Needs

Power up to 50 W and brightness of 7,000 lux (at 0.5 m) provide intense, even lighting, while the CRI of 97+ ensures natural color reproduction. The light generated by the lamp is also easy on the eyes

and free from annoying flickering. This makes the device ideal for situations requiring color consistency in shots and repeatable results. The lamp also allows you to adjust brightness (0–100%) and color (in HSI mode). You can also adjust the color temperature (3200–5600 K)—from warm portrait lighting to neutral or cool cinematic tones. In addition, you have a whole set of special modes at your disposal, such as Police Car, Ambulance, Fire Truck, Fireworks, Lightning, Party, Paparazzi, Candlelight, and TV Screen.

App Control

The light supports control via a mobile app within a range of up to 15 m. Channels 1–8 and ALL mode are available. Additionally, the ability to save two presets speeds up your workflow, allowing you to instantly recall your most frequently used lighting configurations.

Complete freedom of positioning

The 360° rotatable U-shaped mount allows you to position the panel at any angle. The kit also includes a diffuser that evenly softens the light and enhances the look of portraits. This makes the light ideal for film sets or studio sessions.

Power Options Suited for Studio and Outdoor Use

You can power the lamp using the included power adapter or NP-F550 / NP-F970 rechargeable batteries (not included). This means you can use it freely in almost any conditions—indoors and outdoors.

Included in the set

- Light
- Tripod
- Power adapter
- Carrying bag
