Model: IB-DK7401-CU31

Manufacturer: ICY BOX

EAN: 4250078175155

Product Code: 756583

R7,263

17-in-1 DockingStation - This 17-port DockingStation is all you need to power your entire setup. It brings convenience to your desk by combining charging, display output, data transfer, networking, audio, and storage access into one device. Say goodbye to cable mess and enjoy a clean, connected workspace with everything in one place.

View with Six Screens - This DockingStation supports up to six external monitors, delivering high-quality 4K@60Hz visuals with smooth refresh rates. For an optimal viewing experience, it also supports 8K resolution on a dual display via DP port. With support for high resolutions, every detail remains sharp, making it ideal for professionals who need a seamless multi-screen experience

USB Type-A Connectivity - Equipped with four USB Type-A 3.2 Gen 2 ports, this docking station gives you up to 10 Gbit/s data transfer speeds. Two of the ports also support BC 1.2 fast charging, so you can power up your devices while transferring files or running devices like keyboards, mice, or enclosures.

Power Delivery 3.1 - Keep your laptop powered and ready with our DockingStation, offering Power Delivery (PD) upstream of up to 140W. This high-capacity charging allows your device stays charged even during demanding tasks, eliminating the need for additional power adapters.

Extra Convenience - Stay connected and organized with a 2.5 Gbps Ethernet port, a 3.5 mm combo audio jack for your headset, and SD/microSD slots for fast media access. These commonly needed features are integrated directly into the dock, reducing your need for extra dongles or separate devices on your desk.
