

Imou Ranger 2 Pro 4K IP security camera Indoor 3840 x 2160 pixels Ceiling/Desk

Model: IPC-S2EP-8X0S

Manufacturer: IMOU

EAN: 6937479644470

Product Code: 761708

R1,671

F1.6 Large Aperture

Brighter images with an F1.6 large aperture, capturing more light for sharper details even in dim conditions.

Enhanced HDR

Enhanced HDR balances strong light and deep shadow, preserving true-to-life colors and details across every scene.

Intelligent Detection, Smarter Protection

IMOU SENSE™: Thoughtfully protecting your home by recognizing people, pets, and unusual sounds, keeping you informed and safe.

Detects People, Not Distractions

IMOU Sense AI accurately identifies humans, keeping you informed of real security events.

Knows Your Pet

Based on AI algorithm, the camera can find pet targets in images and help you to capture the vivid images and videos for lovely moments.

Hear the Unexpected

Get instant alerts for unusual sounds like breaking glass or a baby crying.

Smart Protection, Personalized for You

Stay Connected with Your Loved Ones

With the touch button on the camera, the families can make a real-time video call easily. Thanks to Call Kit, call messages are more intuitive, greatly decreasing the chances of missing calls.

Stronger Sound, Clearer Communication

Upgraded with larger speaker, Ranger 2 Pro delivers louder and clearer audio. Whether it's two-way talk or security alerts, every word is heard.

Custom Siren, Your Voice, Your Way

Personalize your security! Set a custom voice recording in the Imou App for a siren that fits your needs—whether for warnings or friendly reminders.

Protect Your Privacy with a Single Tap

One click on Imou APP to hide the camera lens, which protects your personal privacy when you are home. Want it hands-free? Set a schedule and let Privacy Mode turn on and off automatically.

Faster, Stronger, and More Reliable

Easy to Set Up-Adapt to different network environments whether it is a 2.4GHz or 5GHz Wi-Fi.

Fast Transmission-Support Wi-Fi 6 and 5GHz bands, enjoy high-speed wireless transmission speed.

Stable Connection-Reduce signal interference and ensure the stability of equipment connection.

Bright and Colorful, Even at Night

Four Smart Night Vision Modes, just choose your way.

Efficient Storage, Continuous Protection

With AOR Mode, flexible storage options, and H.265 compression, you get round-the-clock recording with efficient use of space. Choose how you store, save more footage, and keep everything accessible without compromising on quality.

IMOU All-day Storage Saving Recording Mode

In AOR mode, the camera records full-frame video only when an event is detected, and 1 second/frame at all other times. This meets the need for all-day video recording and saves storage space significantly, allowing more video to be stored on a smaller memory card.

Save More Space without Sacrificing Quality

H.265 compression reduces bandwidth and storage requirements while maintaining high-quality footage. Up to 32-day continuous recording on a 512GB Micro SD card - worry less, capture more.

Choose Your Preferred Storage Solution

Whether it's SD cards, NVR, or cloud storage, you have flexible options to suit your needs.
