R1,694

HIGH-QUALITY WATER-REPELLENT FABRIC

These days you do not want to be taking any risks with your personal belongings and the contents of your bag. We all carry with us multiple items that remain susceptible to water damage. This is the kind of damage that can not only ruin your day but potentially your month or year so it is crucial that you take the necessary precautions. That is why with this Erebus collection you are provided with a high-quality water repellent fabric that will keep the water out and the things on the inside dry and safe.

COMPACT BUT CAPACIOUS

It is a tough balancing act that all bags have to tread between making sure you have enough space for all of your necessary and essential personal belongings but also making sure that it is not so

large that it proves more of a hindrance than a help. With this Erebus backpack, you are offered the healthy middle ground where it is both compact enough to allow you to easily orientate yourself through tight spaces but is also roomy enough so that you can fit in that extra pair of jeans or a shirt that you need on your trip away.

TWO FRONT ZIPPERED POCKETS

We all know the dreadful bore of having to try and find your keys at the bottom of your bag only to find them stuffed in the bottom of your trouser pocket after half an hour of searching. In order to help you circumvent this dull exercise, we have provided this backpack with a wonderful nifty feature - a detachable key strap. So simply clip away your keys and be safe in the knowledge that you know where they are at all times of the day. So say goodbye to those awful moments of being stuck outside your house in the dark and rain.

TWO SIDE POCKETS

Sometimes one is simply not enough. That is why we have made sure that this bag comes with not one but two side pockets. These provide the perfect slots for you to place something like an umbrella to keep you from getting soaked through to your skin on the way to that all-important meeting. Or, it enables you to take with you something crucial like a water bottle that you'd rather not have inside your bag but which you know that you need to retain concentration and keep healthy and hydrated throughout your day.

INTERIOR ZIPPERED POCKET

There is something that we all own like a wallet or a phone or a pair of car keys that we need that extra level of security for, that extra level of safety. That is why, located inside the main compartment you will find an interior zippered pocket so that you can slip away whatever it is that you need to be kept in ultra-secure conditions and then continue on your day safe in the knowledge that those items remain safe, giving you the confidence you need to attack your day without fear over your belongings.

HIDDEN ZIPPERED POCKET ON THE BACK

There is a hidden zippered pocket on the back of this Erebus backpack as we decided again that one is simply not enough. That means that not only do you have one pocket that you can zip away items on the inside of the backpack but a secondary one should you need the extra space or should you

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. want to not have to open up the main compartment and sift through your belongings every time you, say, want to get to your phone or wallet. This will keep you on the move and lessen delay making you more efficient in your day.

COMFORTABLE CARRYING

Comfortable shoulder straps with softened bands make for a far easier carrying experience. Not only is that important simply for your own comfort but because it spreads the weight of the backpack evenly it is good for your overall health, especially if you are carrying heavy loads. A soft loop for carrying or for hanging is included so that you can slip it away tidily when you get home. And, a strap management system to prevent excess strap material from dangling is included so that you can remain neat, tidy and compact yourself as you go about your day.

- 14L Colorful urban backpack
- Multiuse backpack for college, travel and outdoor activities
- The interior is made of contrasting lining
- Manufactured using high-quality water-repellent material
