

KEYBOARD ACC DIY BAREBONE/WHITE 6925758632928 AKKO

Model: 6925758632928

Manufacturer: AKKO

EAN: 6925758632928

Product Code: 761732

R1,679

Gasket Mount

A gasket mount keyboard is a type of mechanical keyboard that uses a gasket material, such as silicone or neoprene, to create a “floating” mount for the switches. The gasket is placed between the plate and the PCB, which allows for a more flexible and cushioned typing experience.

This design allows for more flex and cushioning, which can result in a softer typing experience.

Double Shot Plate Mount Stabilizer

The stabilizer comes with POM housing and POM+TPU stem to minimize rattle and pings. They are Akko proprietary and meant to provide better out of box experiences.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The keyboard also supports screw-in stabilizers.

Built-in 4500mAh Battery (5075B Model Only)

With a battery of 4500mAh capacity, users can enjoy prolonged periods of uninterrupted typing, gaming, or productivity without the need for constant recharging.

Multi-mode (5075B Model Only)

With its multi-mode connectivity options including 2.4GHz wireless, Bluetooth, and USB-C wired connection, you are no longer limited in how you can connect. Moreover, it supports storing up to 3 Bluetooth devices simultaneously.

2.4Ghz Wireless

Equipped with a receiver that allows users to utilize the 2.4GHz wireless mode, providing low latency suitable for gaming and typing purposes.

BT 5.0

Easy to connect up to 3 devices with a simple Fn+E/R/T combination, enabling seamless switching between tablets, computers, and phones.

USB-C Wired Mode

Ensuring consistent and rapid response times for FPS gaming and minimal input lag.

Summary: Akko 5075B VIA DIY Kit. Product type: Keyboard barebone, Device type: Keyboard, Brand compatibility: Akko, Compatibility: 5075B, Material: Acrylonitrile butadiene styrene (ABS).
