R1,368

Affordable clarity, certified for business

Enjoy clear audio on calls and in video meetings with Logitech H570e, a wired headset with noise-canceling features at a great price. Certified for business and now available in a Microsoft Teams version, H570e is made for the enterprise.

CERTIFIED FOR BUSINESS

Logitech H570e is a hard-working business headset available in two versions — a Microsoft Teams-certified version with full Teams functionality, and a UC version that’s certified for Works With Chromebook and compatible with Cisco for audio.

CRYSTAL-CLEAR CALL QUALITY

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Employees enjoy clear audio with noise-canceling mic, acoustic echo cancellation, and digital signal processing (DSP) to block out unwanted noise. The headset features a 30 mm audio driver with dynamic EQ, delivering the best sound quality for what the user is listening to.

EFFORTLESS CONTROLS FOR CALLS

Easy, fast inline controls let you answer/end calls, adjust volume up/down, mute/unmute calls — everything at your fingertips. Convenient light indicators provide a quick visual of call status. The Microsoft Teams version features a dedicated Teams button with quick access to Teams activities.

A choice you can feel good about

H570e is designed with sustainability in mind. It features replaceable leatherette earpads that extend the product life. Additionally, the Microsoft Teams version is made with a minimum 45% post-consumer recycled plastic in the plastic parts, and shipped in FSC™-certified packaging.

Lightweight comfort

Lightweight and durable, the H570e headset delivers comfort day after day. Padded headband with metal reinforcement provides strength and flexibility, with a fit that feels just right. Easily switch the headset to put the mic on the right or left.

Easy management & personalization

The Microsoft Teams version of the H570e headset is supported by Logitech Sync, which allows IT to remotely manage the headset and other Logitech devices. Employees can also customize the Teams version headset with Logi Tune for a personalized experience.

Listen safely

Compliant with EN 50332-2, the H570e headset guards against sounds above 100 dBA, delivering exceptional listening comfort for calls and music. The Microsoft Teams version also offers anti-startle protection, which prevents sudden sound peak during a call.

Connect and go

Instantly connect your H570e headset to the USB port on a Mac or PC for plug-and-play simplicity. No drivers required for installation.

Remain aware of your surroundings

The mono version of H570e, which covers only one ear, allows users to more easily hear sounds around them. For personal or work-related reasons, some people want to remain more aware of their surroundings while wearing their headsets.

Made with recycled plastic

The plastic components in H570e (Teams version) include certified post-consumer recycled plastic - 45% for Mono and 54% for Stereo - to give a second life to end-of-life plastic from old consumer electronics and help reduce our carbon footprint.

RESPONSIBLE PACKAGING

The paper packaging of H570e (Teams version) comes from FSC™-certified forests and other controlled sources. By choosing this product, you are supporting responsible management of the world’s forests.
