R1,522

Special marble heat resistant surface coating

Being an item that you will be using day in day out, you need your kettle to be something that you can rely on as a robust and trusty partner. To ensure that, this kettle has been produced with a special marble heat resistant surface coating which will ensure that it can handle the daily wear and tear, and its durability is guaranteed.

Multi-layer capsule bottom

We all know that a necessary part of using any kettle is the waiting time for it to be boiled. This Lyra kettle though has a multi-layer capsule bottom, which allows it to retain stored heat for a long time. This means you will have longer times in-between needing to reheat the water, and, also, if you need to re-heat you will be able to get the temperature back up quickly.

Easy opening

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Because any kettle presents the obvious danger of moving quantities of hot water, this Lyra kettle has been constructed with an ergonomic soft-touch handle to aid handing and with a button for opening the spout of the kettle. This will mean that you will be reliably protected from burns and can easily pick it up or flip up the spout and finish your task safely.

Optimum capacity

You not only need your kettle for filling up the cafetière and teapot but also for boiling that large bowl of pasta or rice. So that you can do all this we have made sure that this Lyra kettle has a volume of 2.7 litres, meaning you won’t have to go back to refill and boil the water again and can instead have everything covered.

Perfect gift for any occasion

This Lyra kettle comes with its own full color gift box to help protect it on its journey to you and to provide you with all the information you need so that you can have the best possible experience. What’s more, it can be a perfect gift for your friend or a loved one.
