

XPG PROBE 600 BRONZE Power Supply

Model: PROBE600B-BKCEU

Manufacturer: ADATA

EAN: 4710273779942

Product Code: 761877

R1,532

VIABLE, APPLIABLE, & RELIABLE

With up to 87% efficiency at 50% load and a 120mm low-noise fan featuring an intelligent curve, XPG PROBE is designed to deliver stable and reliable power to your system!

Enhanced Safety in Operation

Unlike most Bronze power supply units, XPG PROBE is ATX v2.52 compliant, enhancing overall reliability and providing safer operation for your current and future hardware.

Compact Size for Easy Installation

With a compact 140mm length, XPG PROBE allows for easier installation in mainstream PC cases and reduced cable clutter.

Intelligent Fan-Curve Design

The 120mm low-noise sleeve-bearing fan, featuring an intelligent curve design, keeps the power supply cool without excessive noise, thus reducing power consumption for cooling and improving overall energy efficiency.

Long, Reliable Lifespan

XPG PROBE comes with premium capacitors with a 105°C rating, offering greater reliability, premium efficiency, and a longer lifespan.

Six Industrial Safeguards

XPG PROBE offers 6 industrial-grade protections, shielding your system from over-power, over-voltage, surge and inrush, under-voltage, short circuits, and over temperature.
