your jaw-dropping skills.

Incredibly Smooth Gameplay

Lower latency is essential to gaming success. Revolutionary OFDMA reduces lag by up to 75%. Enjoy ultra-responsive real-time gaming or immersive VR experiences.

Broader Coverage

Two multi-directional and high-performance antennas with a magnetized base extends your existing WiFi reception capabilities, allowing you to game anywhere and anytime. Place the magnetized antenna base anywhere on your desktop to find the optimal location for signal reception.

Simultaneous Entertainment for All

A revolutionary combination of OFDMA and MU-MIMO technologies ensures the most efficient WiFi connection for your PC. OFDMA technology divides band resources into smaller units while MU-MIMO allows more devices to communicate simultaneously—without lag.

Bluetooth 5.0 Compatible

Archer TX3000E is compatible with the latest Bluetooth 5.0 Technology, achieving 2× faster speed and 4× broader coverage than Bluetooth 4.2. Connect as many devices as you want, including game controllers, headphones, and keyboards, to enjoy a smoother experience.

Advanced Security

The latest security enhancements—WPA3 provides more secure and individualized encryption in personal password safety, protecting your network from wireless hacking. Always keep your network safe while gaming online.

Fine Crafting for Ultimate Performance

Built with a specialized heatsink crafted to improve stability and reliability even in hot environments. Careful attention to every detail, such as gold plating on every contactor to resist oxidation, delivers
