R1,377

There are countless scents, and each can bring back fond memories, impact our mood or simply enhance our well-being. There are many ways of diffusing the desired fragrance in a room. Some of the most elegant solutions are our aroma diffuser.

With Luna, you only need to place a few drops of scented oil in the water reservoir to diffuse a pleasant, long-lasting fragrance throughout the room. This appliance works on the basis of ultrasound technology. Our latest dry diffusion aroma diffuser Elara achieves long term fragrance diffusion together with our Styliques Aroma Gels.

- Power consumption: 6 W
- Up to 10 g/h fragrance diffusion
- Ultra quiet operation
- Easy to use
- Automatic shut-off
