

SMART VALVE THERMOSTATIC KASA/KE100 TP-LINK

Model: KE100

Manufacturer: TP-LINK

EAN: 4897098683187

Product Code: 762089

R1,351

TP-LINK KE100

Kasa Smart Thermostatic Radiator Valve

- Geofencing for Free - Your home heats up automatically as you approach and turns off when you're away.
- Smart Schedule - Set heating schedules based on your daily routines to make heating more efficient.
- Remote Control - Control all your radiators in your home from your phone. No more guessing if you left the heater on in an empty room.
- Voice Control - Hands-free control that syncs with Amazon Alexa, Google Assistant, or Siri ShortCuts.
- External Temperature Sensor - Pair with external temp sensor to gather accurate temperature readings (no additional hub and app required)

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

- Open Window Detection - Automatically turns off the heating and activates Frost Protection when the connected window & door sensor (Tapo T110) is triggered.
- Ultra-Long Standby - Works with lot hub, promising longer battery life (over one year).
- Up to 32 Radiators – Each hub can connect and manage up to 32 radiators.
- Versatile Compatibility – Fits on most radiator valve body thread (M30x1.5) and the six adapters(RA, RAV, RAVL, CAL, M28 and GIA) included allow more compatibility.
- Frost Protection - Keep your pipes unfrozen and your house safe.
- Hub Required - Kasa Hub KH100 is required for all smart features.
