Always focus on target!

Ranger 2C Pro can detect movement in the image and allows the camera to follow automatically, keeping the target consistently within the monitoring range.

Efficient storage, continuous protection

With AOR Mode, flexible storage options, and H.265 compression, you get round-the-clock recording with efficient use of space. Choose how you store, save more footage, and keep everything accessible without compromising on quality.

IMOU All-day Saving Recording Mode

In AOR mode, the camera records full-frame video only when an event is detected, and 1 second/frame at all other times. This meets the need for all-day video recording and saves storage space significantly, allowing more video to be stored on a smaller memory card.

Save more space without sacrificing quality
