Enhance the racing experience by adding realistic shifting action to your racing rig. Driving Force™ Shifter is the definitive sim racing shifter designed for G29 and G920 Driving Force Racing Wheels. With a solid steel gear shaft, and high-quality, hand-stitched leather, Driving Force shifter is built for precision racing and long-lasting reliability. The six-speed “H” shifter moves fluidly and solidly clicks into each gear, helping you execute smooth, accurate gear transitions on hairpin turns and straightaways. Durable built-in clamps and bolt points allow Driving Force Shifter to be mounted securely to a table or racing rig, to minimize shifting or wobbling during aggressive race maneuvers.

- Works with G29/G920 Driving Force Racing Wheels. Driving Force shifter is designed for both G29 and G920 Driving Force racing wheels, completing your racing rig for a more realistic experience.
