

Lindy 73428 mobile device charger Universal White AC Fast charging Indoor

Model: 73428

Manufacturer: LINDY

EAN: 4002888734288

Product Code: 762199

R1,148 ~~R1,267~~

The Lindy 65W USB Type A & C GaN Charger can charge two devices simultaneously. 65W Power Delivery and PPS are supported by the USB Type C port while the USB Type A port provides fast charging with up to 45W. When both ports are used in parallel a maximum power of 20W will be provided.

Featuring both a USB Type C female and a USB Type A female port this charger is ideal for use with most popular smartphones and iOS devices. Supporting power delivery of 65W and PPS (Progammable Power Supply), connected devices can be provided with faster and smarter charging than what is possible from a standard Type C charger supplied with many devices; it can modify voltage and current in real-time by feeding maximum power based on a device's charging status.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

For safe charging the device includes overcharge, overcurrent, overtemperature and short circuit protection. As this charger is rated at Level 6 for efficiency, it also meets the highest current level of energy efficiency standards.
