

CASE FAN 120MM/AX120 PWM WHITE 3 IN 1 MONTECH

Model: AX120 PWM WHITE 3 IN 1

Manufacturer: MONTECH

EAN: 4710562748291

Product Code: 762274

R1,201

Designed with Modern Aesthetic

AX120 PWM integrates a total of 20 LEDs, the hexagonal RGB ring on the frame brings the design aesthetics to a new level. Further, it contains various lighting modes and supports 5V3PIN motherboard connectors for software control. All leading to complete and full customization of your build.

Built For System Cooling Performance

Whether as a case, radiator, or radiator fan, the AX120 PWM covers complete specifications and compatibility. The meticulous design from the bending angle of nine-blade fan set stabilizes the airflow, thereby drastically improves heat dissipation capacity. Simultaneously, reducing noise during fan operation. The AX120 PWM is capable of delivering stable operation while cooling a super high-end build!

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

PWM Automatic Control Mode

Thanks to the advanced PWM controls, the fan speed can be adjusted based on system temperature smartly monitored by the motherboard, which allows the user to adjust the fan speed at will from 600RPM up to 1600 RPM and cool your PC efficiently.

Silent Operation

AX120 PWM uses tailored frame and blades that are optimized for max quietness. Even at its highest RPM, the noise level is under 27 dB(A), the combination of silence and high performance is the best choice for your gaming build.

Durable Rifle bearing

Compared to other hydraulic bearing fans, the Rifle bearing enables an extremely long-life span of 80,000 hours. It has been proven to have longer durability, longevity, and much lower noise.

Vibration Proof Structures

Integrated 8 rounded anti-vibration pads, reduce vibration and the noise caused from resonance phenomena.

Durable Rifle bearing

Compared to other hydraulic bearing fans, the Rifle bearing enables an extremely long-life span of 80,000 hours. It has been proven to have longer durability, longevity, and much lower noise.

- Impressive ARGB Lighting
- Excellent Case/Radiator and CPU Cooler Fan
- 4PIN PWM Smart Control
- Nine Specialized Wing Shaped Blades for added performance
- Near Silent Operation
- Ultra Durable Rifle bearing

Summary: Montech AX120 PWM. Type: Fan, Fan diameter: 12 cm, Bearing type: Rifle bearing.

Product colour: White | Vendor Homepage: <https://www.montechpc.com/ax120-pwm> | Bearing type: Rifle bearing | Fan diameter: 120 | Fan noise level (max): 27 | Fan speed (max): 1760 | Fan speed (min): 720 | Fan static pressure: 1.8 | Maximum airflow: 59 | Pulse-width modulation (PWM) support: Yes | Quantity per pack: 3 | Suitable location: Computer case | Type: Fan | Fan connector: 4-pin |
