Our wall chargers are excellent for charging smartphones, tablets, or other mobile devices such as laptops through electrical outlets. The charging adapter has a maximum power output of 100W, featuring 2x USB-C and 1x USB-A charging ports that allow the simultaneous charging of up to three devices from a single outlet. The use of high-quality components of the latest GaN technology allows for a much more compact and lighter design of power supplies and thus enables higher charging performance with significantly lower heat development. Intelligent and state-of-the-art chipsets continuously control and monitor the charging power and temperature throughout the entire charging process. Our 100W charging adapter is Intertek GS certified and, in addition to all relevant protective mechanisms, also boasts a shock- and fire-resistant V0-rated housing made of polycarbonate, ensuring the highest level of safety.

- Latest GaN Technology: Allows a significantly more compact and lightweight design of power supplies, leading to higher charging performance with significantly reduced heat generation
