ONKRON present an absolutely new product among other mounting solutions – tilting adapter panel for mobile TV stands - ATL1551. Nowadays there are very few TV carts with tilting function, but this feature is very important, isn't it? Now thanks to our adapter you can tilt you TV right on the mobile TV stand!

The adapter is installed between VESA panel of TV cart and its columns, using only bolts from the kit of the mobile TV stand. When you want to change tilting angle of your TV you just need to use plastic handles and set desirable angle within range $0^{\circ} \sim +10^{\circ}$. Now you can have the best possible viewing angle on your mobile TV stand.

ATL1551 perfectly fits mobile TV stands TS1551/TS1552 by ONKRON.

- Tilting adapter provides your mobile TV stand with a tilting function with angle $0^{\circ} \sim +10^{\circ}$
- Tilting adapter panel is installed between your mobile TV stand's columns and VESA panel
