This Neomounts CPU mount, model CPU-D025BLACK, allows you to mount a computer under a desk. A CPU mount creates a neat and clean desk because it's stored under the desk and doesn't use any valuable desk space. Increase the lifetime of your CPU due to reduction in dust and dirt from floors. Keep the workplace clean without computers on the floor.

Neomounts CPU mounts allow horizontal and vertical installation of computers. Hide your cables and keep the workplace nice and tidy.

Easy to adjust in width and depth to fit most desktop and tower PCs. The specifications listed show maximum and minimum width and depth of the mount.

All installation material is included with the product.
