R1,036

AXAGON STND-LAB is a stand for a laptop or tablet, which ensures comfort and improves ergonomics at work. It is ideal for devices with a screen from 10" to 17.3" and allows adjustment to up to eight positions. This makes it easy to find the ideal stand inclination for maximum relaxation of your neck and back muscles. Enjoy a comfortable working environment with a compact and portable stand that adapts perfectly to your needs whether you're working at home, in the office or on the go.

The base is made of aluminium castings guaranteeing long life and reliability. Thanks to the non-slip finish, you don't have to worry about unwanted movements – your device stays firmly in place without damaging the surface of the laptop or the pad. These carefully designed features ensure perfect stability for your laptop, tablet or even your favourite book, giving you peace of mind and comfort during everyday use.

A great advantage is the ability to adjust the stand to up to eight positions. This allows you to raise the laptop to a height from 91 to 150 mm. This gives you an additional work place at the correct eye level, which greatly improves ergonomics and comfort at work, while increasing your productivity.

The stand can be easily folded into a compact size, making it convenient to carry wherever you need to go. Its elegant black design not only complements your desk in style, but also brings practical features you'll appreciate in everyday use.

The design ensures optimal heat dissipation from your laptop, thereby improving its performance and extending its service life.

Features:
• Lightweight and strong metal construction.
• Anti-slip finish, which also protects the device from scratches.
• Suitable for 10–17.3" laptops or other devices.
