2.1 or even 3.1 ampere output voltage, they enable a particularly fast charging of mobile devices. Depending on the capacity, the powerbank will extend the additional talk time of your mobile phone by several hours. With a height of just 9 cm or 13 cm, the powerbank can be easily stored in the bag even during loading operations. Therefore the powerbanks are indispensable especially on long trips, festivals or business meetings where mobile devices are used all the time and sockets are rather rare.
