

WRL RANGE EXTENDER 300MBPS/TL- WA855RE TP- LINK

Model: TL-WA855RE

Manufacturer: TP-LINK

EAN: 6935364093839

Product Code: 762893

R937

Expand Your

Wi-Fi Coverage

300Mbps Wi-Fi Range Extender

Compact. Strong.

Despite its compact size, it may be hard to ignore the TL-WA855RE due to the truly impressive way that it projects Wi-Fi access into the areas of your home that your standard router simply cannot reach. The TL-WA855RE supports wireless speeds of up to 300Mbps and keeps all of your favorite devices running as fast as possible.

As Powerful

As You Expect

The two external antennas with MIMO technology help set the TL-WA855RE apart from the rest. MIMO technology enhances your network by dramatically increasing wireless speeds and the two external antennas ensure that a stable wireless signal reaches you where you need it most.

Effortless Network Expansion

Two Simple Taps and You are Ready to Connect

Just press the WPS button on your router, then press the Range Extender button on TL-WA855RE to begin enjoying simple, expanded Wi-Fi.

Selectable Work Modes

Repeater When Router Fails You

The TL-WA855RE works as a repeater to save you from poor signal by expanding your router's network coverage to the primary "dead zones".

Selectable Work Modes

Access Point For A New Network

When TL-WA855RE works in AP Mode, it turns Ethernet port into your own personal Wi-Fi hotspot to create a new network.

Easy Monitoring

and Remote Control

Tether is an intuitive app that allows users to conveniently monitor the state of your range extender, controlling its functions and altering its settings from any compatible mobile device remotely.

- Boosts your existing Wi-Fi coverage to deliver fast and reliable wired and wireless connectivity
- External antennas for faster and more reliable Wi-Fi
- Supports AP mode which creates a new Wi-Fi Access point
- Easily expand wireless coverage at a push of the Range Extender button
- Set the Power Schedule for the range extender for power-saving
- Tether App allows easy access and management with your mobile devices remotely
- Works with any Wi-Fi router or wireless access point

Summary: TP-Link 300Mbps Wi-Fi Range Extender. Type: Network repeater, Data transfer rate: 300
