Made of ultra-thin, high-quality silicone, the case is soft and flexible. It fits around each key like a skin, ensuring that typing comfort remains intact. Since this keyboard cover is waterproof and dustproof, your keyboard is always protected from spills of liquids and crumbs. You can easily pat it out, rinse it, clean it in the dishwasher or disinfect it. This makes the R-Go Hygienic Keyboard Cover particularly suitable for working in hygienic areas, such as clean rooms, hospitals or dental practices!
