

CPU COOLER SAM4/SAM5/XC02 XILENCE

Model: XC025

Manufacturer: XILENCE

EAN: 4044953500275

Product Code: 763045

R820

With the new A402 AMD cooler which is part of the Performance C Series, XILENCE presents a compact but very high-capacity cooler for powerful multi-core processors. The small cooler appears in classic tower design and convince with its extremely efficient heat pipes and the fin design arrangement. This design ensures that the air circulates more easily through the innumerable fins. Thus the fan speed of the 92mm PWM fan can be kept very low. Additionally, the heat transmission between CPU and cooler is very evenly and efficient due to the direct contact of heat pipes and CPU.

- Silent hydro bearing 92mm fan
- Two 6mm copper heat pipes for better heat flow
- Fin Design for high airflow and efficient cooling of the CPU and surrounding components
- Slight overhang of the fan avoids hotspots
- Possible mounting of the fan on both sides of the heat sink
- Suitable for all current AMD sockets

Summary: Xilence A402. Type: Cooler, Fan diameter: 9.2 cm, Rotational speed (min): 600 RPM,
