

Lindy 36975 USB cable USB 3.2 Gen 2x2 0.5 m USB C Black

Model: 36975

Manufacturer: LINDY

EAN: 4002888369756

Product Code: 763128

R789 ~~R844~~

The USB 3.2 Gen 2x2 Type C, GRS cables from Lindy are designed for reliable performance and crafted from sustainable recycled materials to comply with strict environmental and social standards.

These USB cables are GRS certified and comply with the Global Recycled Standard. Both the cable jacket and connector housing are made from high-quality recycled materials, ensuring the cable meets rigorous GRS certification requirements.

The robust double-shielded design with tinned copper conductors and nickel-plated connectors provides reliable signal quality and solid protection against EMI/RFI in everyday and office environments.

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

An integrated E-Mark chip enables safer 100W (20V 5A) fast charging with USB Power Delivery, allowing for the voltage and current to be automatically adjusted to the needs of connected such as mobile phones, tablets and laptops to prevent overvoltage and overcurrent.

USB 3.2 Gen 2x2 delivers blistering 20Gbps transfer speeds, doubling the performance of previous USB generations. Whether you're transferring massive design files, editing high-resolution videos directly from external storage, or connecting next-gen peripherals, this standard ensures maximum efficiency and zero bottlenecks.

DisplayPort Alternate Mode enables crisp 4K video output at 60Hz, making them perfect for connecting to high-resolution displays and AV equipment.

With reversible USB Type C connectors and full bi-directional communication, these cables guarantee simple, reliable connections every time.
