

## DUMMY CAMERA/CS020 GENWAY

Model: CS020

Manufacturer: GENWAY

EAN: 8435325440545

Product Code: 763177

**R676** R812

Simulated (dummy) camera. Non-functional version of a real surveillance camera. Does not require power supply. Made of plastic with total realism, simulating a professional camera. The shape of a typical outdoor infrared dome camera, so at first glance it cannot be distinguished from a real camera. The hemispherical protrusion on the front simulates a PIR sensor. Economical and easy to install, it can be used as a decoy, installed in sight and hiding the real CCTV system in a hidden place. In this way, in the event of theft, attacks will take place on the simulated camera, while the surveillance system cameras will be safe and will capture all the images undiscovered. It can also be used without a backup system, as a simple deterrent, thus preventing break-ins or vandalism in the presence of the camera. Camera height 175 mm
