In addition to the red version, the Xilence product portfolio is being expanded to include the black I350PWM.B cooler.

Known for its high airflow and excellent price-performance ratio, the I350PWM.B ensures reliable and efficient cooling of modern Intel CPUs.

Thanks to hydro-bearing and PWM control, the black 92mm fan is particularly quiet and optimally adjusts its speed to the respective load. Stable mounting with a backplate ensures a secure hold and lasting performance. With its compact design and a TDP of up to 110 W, the cooler is ideal for powerful Intel processors in everyday use.

- Quiet, fluid-bearing 92mm PWM fan
