

Axagon CRE-SM3T USB-A Smart / ID card Flat Reader

Model: CRE-SM3T

Manufacturer: AXAGON

EAN: 8595247908278

Product Code: 763303

R753

Compact desktop Smart card / ID card reader AXAGON CRE-SM3T FlatReader with USB 2.0 interface. It is especially suitable as an ID card reader for use with computers that have a USB input. The most widespread USB-A connector ensures connection to both new and older computers.

Thanks to the Plug&Play function, the reader is immediately operational without the need to install drivers. For further work with the inserted card, just install the appropriate application. The reader is compatible with most national applications for eID (electronic ID cards).

The card reader supports all common contact Smart card formats, chip cards and other cards, including contact bank payment cards or contact electronic ID cards *. Compatibility with all common OS such as Windows, Linux, macOS and Android, allows wide use on desktops and laptops as well as smartphones and tablets.

The smart LED indicator lights up shortly after the activity change, then turns off and doesn't bother

the user with unnecessary light. Compact design, high-quality manufacturing, anti-slip pad and long cable ensure easy and trouble-free use.

Input:

• USB 2.0, protocol CCID.

• Backward compatible with USB 1.1.

• Connection to computer via USB 2.0 type A male connector.

For connection to a phone or tablet with a USB-C connector, we recommend a USB-C -> USB-A reduction, e.g. AXAGON RUCM-AFAC. For connection to a phone with a micro-USB connector, we recommend an OTG reduction micro-USB -> USB-A.

Card reader:

• 1 slot supports contact ATM / CAC / ID / IC / SIS cards.

• Supports ISO 7816 Class A, B and C contact Smart cards (5V, 3V and 1.8V).
