

CASE FAN 120MM PWM ARGB REVERS/4PIN WHITE XF066 XILENCE

Model: XF066

Manufacturer: XILENCE

EAN: 4044953504167

Product Code: 763484

R677

The reverse fans offer powerful cooling in an unusual design and ensure that the air flows quietly in the opposite direction.
The modern design and filigree lines not only ensure a striking look, but also optimize air circulation.
Available in black and white, the 120 mm fans are the perfect match for any gaming setup.

With PWM control, the case fans can be easily regulated individually and remain quiet even during intensive use.
The addressable ARGB lighting enables individual lighting effects and seamless synchronization with common controllers.

Hydro bearings ensure a long service life and virtually silent operation. The Reverse Fans combine efficiency, style and reliability.

The Reverse Fans can be combined well with the Xilence Gleam PC case.

- Inverted rotor blades that allow the air to flow quietly in the opposite direction
- Available in elegant black and timeless white
- Automatic fan speed adjustment via PWM for optimum cooling
- Individually addressable lighting effects with synchronization option
- Durable hydro bearings for quiet and reliable operation
- Quiet noise level even at higher performance

Summary: Xilence XF066. Type: Air cooler, Fan diameter: 12 cm, Rotational speed (min): 600 RPM, Rotational speed (max): 1500 RPM, Bearing type: Hydrodynamic bearing.
