

CABLE RJ45 DUAL SPLITTER/NCA- SP-02 GEMBIRD

Model: NCA-SP-02

Manufacturer: GEMBIRD

EAN: 8716309096638

Product Code: 763761

R597

LAN port combiner/splitter, FTP

- Save money, time and space by using two lines on a single ethernet cable.
- This splitter enables you to double a fixed network connection, without the need to draw an extra cable.
- Typical installation requires two pieces of NCA-SP-02 (1 to combine signal and 1 to split signal again)

8P8C LAN FTP port combiner/splitter adapter: RJ-45M to double RJ-45F connectors

Allows to split 8-wire LAN port into two 4-wire ports and/or vice versa

Typical installation requires two adapters. One to combine a double signal from your router onto a single ethernet cable, and another one to split the signal again to two separate sockets
