R2,254

Your Go-to Secondary Phone

Armor Mini 5 is the ideal secondary device for essential communication, calls, text and listening to music. Without endless scrolling and constant distractions proffered by a full-featured modern phone, it helps you master your attention and improve your productivity.

Comes with WhatsAPP

Armor Mini 5 has WhatsApp pre-loaded, ready for all your texts, voice messages, and video calls. It keeps you fully in touch with the people you care about, while purposefully cutting out the endless noise of a standard smartphone.

IP68 & IP69K Proof, MIL-STD-810H Shield

Certified IP68 and IP69K, Armor Mini 5 defies water and dust. Submerge it in up to 2 meters of water and subject it to high-pressure washdowns without fear. MIL-STD-810H compliant, it is built to

military standards to shrug off shocks, vibrations, and temperature extremes.

2.8" Touch Display

The 2.8-inch mini touch display provides a smarter, more intuitive experience than a traditional keypad phone, yet remains perfectly compact. With the optional physical keyboard, you get speed when you need it and touch convenience when you don't. Smarter, easier operation in the palm of your hand.

2500mAh Removable Battery

Equipped with a decent 2500mAh capacity, significant power for a mini phone Armor Mini 5 lasts you 12 days battery life with moderate use.

Quad-Core Seamless Processor

Driven by the MediaTek MT6739 quad-core chipset, Armor Mini 5 delivers quick, responsive performance. Enjoy seamless switching between apps and instantaneous loading for calls and messages, giving you a fluid experience without the lag.

1GB RAM, 8GB Storage

With 1GB of RAM, you can enjoy a reliable, lag-free calling and texting experience, and 8GB of internal storage provides space for your contacts and essential files. You can upgrade anytime for an additional 64GB capacity using a MicroSD card.

Android 11 OS

Armor Mini 5 runs on the secure and reliable Android 11 OS. You get a compact, durable device with smooth UI and a responsive touchscreen to navigate a smartphone-like experience.

4G Connectivity

4G LTE reception both outdoors and indoors delivers significantly faster and more reliable connection with wider coverage bands. Experience HD calls that are clearer and smoother than ever before, keeping you connected wherever you go.
