

IsEasy kitchen hood TV1360D4-CC-I2

Model: TV1360D4-CC-I2

Manufacturer: ISEASY

EAN: 6977132450161

Product Code: 805891

R3,861

IsEasy TV1360D4-CC-I2 cooker hood

IsEasy TV1360D4-CC-I2 cooker hood combines elegant design with high functionality. With a capacity of 524 m³/h, it effectively removes odors, steam and grease, taking care of the fresh air in your kitchen. It is also distinguished by an intuitive touch panel, energy-saving LED lighting and quiet operation.

High suction performance

The powerful motor ensures efficient removal of fumes even during intensive cooking. Four speed levels allow you to adjust the power to your current needs, and the suction of 524 m³/h guarantees quick cleaning of the room.

Quiet operation

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

itworkup.co.za | sales@itworkup.co.za | +27 (11)541-9950

The maximum noise level is only 58 dB, which is about the same as a normal conversation. This allows you to cook in a quiet atmosphere.

LED lighting

Two energy-saving LED spots with a total power of 3 W illuminate the cooktop, providing excellent visibility while cooking and creating a pleasant atmosphere in the kitchen.

Modern touch control

The intuitive touch panel makes it easy to set the fan speed, turn on the lighting or activate the delayed shut-off function from 1-9 minutes. All it takes is a few touches!

Two ventilation modes

You can choose between exhaust and recirculated air modes. Adapt the hood's operation to your kitchen's installation possibilities and individual preferences!

Easy cleaning and durability

The five-layer aluminum filter effectively traps grease, and is dishwasher-safe. The material is rust-resistant, which extends the life of the unit. The hood itself is also very easy to clean.

Tailored to fit any kitchen

The IsEasy TV1360D4-CC-I2 hood is designed to fit perfectly into most standard cooktops. Its width is about 60 cm, and the recommended distance from the countertop is 65-75 cm. The unit also has an adjustable chimney, making it easy to adjust the height to suit different types of rooms and kitchen build-ups. Thanks to its clever, slightly slanted design, the hood not only saves space, but also makes it easier to access pots and pans for convenient cooking.
