R3,420

IsEasy MGBG-654A glass gas cooktop

IsEasy MGBG-654A glass gas cooktop combines elegant design with high functionality, offering four burners of varying power, which provide comfort for cooking both everyday meals and more demanding dishes. Thanks to its thoughtful design and robust materials, the product is not only aesthetically pleasing, but also extremely durable and easy to clean.

Four burners for complete cooking freedom

The MGBG-654A is equipped with four burners of 3.3 kW, 2.7 kW, 1.75 kW and 1 kW. Such differentiation allows you to conveniently adjust the intensity of the flame to suit your current needs - from gently heating sauces, to fast frying or cooking in large pots.

High level of safety

The built-in safety device automatically shuts off the gas supply if the flame goes out. This makes using the hob completely safe, even in a heavily used kitchen.

Solid materials and elegant design

The 8-millimeter tempered glass panel gives the hob an elegant, modern look and makes it easy to clean, while the cast-iron grates guarantee the stability of the cookware. Bakelite knobs are heat-resistant and convenient for everyday use.

Compatibility with different gas sources

The hob can work with both NG (Natural Gas) and LPG (Liquefied Petroleum Gas), which allows you to match it to the conditions in your kitchen. You will find the appropriate nozzles in the kit.

Matching dimensions and easy installation

The MGBG-654A measures 64 × 51 × 11.5 cm and is designed to fit into recesses measuring 56 × 48 cm. As a result, it will easily fit into most standard countertops and save space.

Included

- Gas hob
- Operating instructions
- LPG nozzle set (30 and 50 mbr) x2
- Gas connector
- Mounting bracket x2
- Mounting ring
- Sealing tape
